

BARN CATS AVAILABLE

Ideal residents for barns or stables!

Healthy, *altered* cats* need good barn homes—horse stables, dairy farms, co-ops, grain elevators, or other suitable environments—**with shelter** immediately!

Caretaker responsibilities will include:

- providing daily food and water,
- providing protection from the elements (a sheltered area like a barn or other warm building),
- and long-term veterinary care, if needed.

All the cats have been altered, vaccinated (rabies and distemper), and microchipped. They are now in need of an outdoor home where they can live out their lives. Most of the cats are very shy around humans.

New caretakers should be prepared for a brief period of adjustment. Moving to a new home is stressful for anyone, cats included! After a short stay in secure confinement (like a garage), the cats will accept their new home and be chasing mice out of your grain with enthusiasm.

If you have a good home for barn cats, please contact:

Kristine—641.431.1003 or panora_pets@yahoo.com

*Guidance and help will be provided during the relocation process.
There is no adoption fee for adopting barn cats.*

**All of the vet work for these cats has been sponsored by
Panora P.E.T.S. and there is no charge to new caretakers.*
